### Rescue & Rehabilitation of Draft Horses

#### Population(s) Served:

General/Unspecified

Draft Gratitude was established in 2014 to give unwanted senior working horses a second chance and a place to call home. Our primary focus is the rescue and rehabilitation of senior farming horses. Once rehabilitated, the horses are available for adoption to approved homes. Rescued horses that are not adoptable for various reasons will live out their days safely with us in sanctuary.

## CHARTING IMPACT

---

### What is the organization aiming to accomplish?

Our goal is to provide quality care that is timely, responsible, and reasonable, with a focus on quality of life for unwanted draft horses.

---

### What are the organization's key strategies for making this happen?

Maintaining relationships where these horses are coming from without judgement.

Maintaining our established relationship with our veterinarian.

Interacting visually and physically with every horse in our care twice per day to catch any needs or differences in behavior as early as possible.

Having funds available for acute veterinary needs so that appropriate care can be delivered without concern of affording it.

Maintain appropriate veterinary records in combination with regular health checks of our herd including timely vaccines, hoof care, and dental work.

---

### What are the organization's capabilities for doing this?

We have developed a great team of care providers. Being proactive with regular health checks, appropriate hoof care, and appropriate dental care combined with a proven feeding program goes a long ways toward maintaining healthy draft horses.

---

### What have and haven't they accomplished so far?

Since 2014, (as of October 2020) we have saved 52 draft horses from slaughter.

We will keep saving the lives of unwanted draft horses within our means.

We have earned our Global Federation of Animal Sanctuaries Verification.

## PRESIDENT

Rebecca Roy

Rebecca Roy is the founder and president of Draft Gratitude. She grew up on a small farm with draft horses. In addition to taking care of unwanted draft horses, she runs a small farm stand, works in her husband's business, and is raising a 9 year old son.

After its first two years, Draft Gratitude grew into a consistently self-supporting organization under Rebecca's helm. This success was due her the integrity, transparency, work ethic, and willingness to learn.

Rebecca brought a marketing degree, business management experience, and a love of senior draft horses to the drawing board. From there she spent countless hours studying nonprofit best practices for fundraising, acknowledgments, storytelling, bookkeeping, donor management, social media, and more.

Rebecca takes pride in providing care, kindness, and compassion to the draft horses that are lucky enough to make their way to Draft Gratitude.

\* The Foundation Status Code is the code that foundations are required to provide for each grantee annually on part XV of Form 990PF. Note that this code cannot be derived in some cases (e.g., supporting organizations for which 'type' can't be determined).

IRS Revenue Procedure 2011-33 allows grantors to rely on third-party resources, such as GuideStar Charity Check, to obtain required Business Master File (BMF) data concerning a potential grantee's public charity classification under section 509 (a) (1), (2) or (3).

GuideStar Charity Check Data Sources

- GuideStar acquires all IRS data directly from the Internal Revenue Service.

-IRS Publication 78 (Cumulative List of Organizations) lists organizations that have been recognized by the Internal Revenue Service as eligible to receive tax-deductible contributions.

-The IRS Internal Revenue Bulletin (IRB) lists changes in charitable status since the last Publication 78 release. Between the release of IRS Publication 78 and the subsequent IRS Internal Revenue Bulletin, the IRB date will reflect the most recent release date of IRS Publication 78.

-The IRS Business Master File lists approximately 1.7 million nonprofits registered with the IRS as tax-exempt organizations.
- The IRS Automatic Revocation of Exemption List contains organizations that have had their federal tax-exempt status automatically revoked for failing to file an annual return or notice with the IRS for three consecutive years.

-The Foundation Status Code is a value derived by mapping the codes found on the 990PF filing instructions to the corresponding codes in the IRS BMF. Note that not all codes are able to be mapped due to insufficient data.

-The Office of Foreign Assets Control (OFAC) Specially Designated Nationals (SDN) list organizations that are owned or controlled by targeted individuals, groups, and entities, such as terrorists or narcotics traffickers. Their assets are blocked and U.S. persons are generally prohibited from dealing with them.
